

MAYVILLE STATE UNIVERSITY B.S. Accounting (84 Semester Credits)

Course Transfer Table

2020-2022 Academic Catalog**Mayville State University****2019-2020 and 2020-2021 Academic Catalog****North Dakota State College of Science**

This Bachelor of Science degree provides the foundational coursework necessary for students who are preparing for careers in accounting, finance, auditing, and related fields; or who plan to take professional accounting certification exams. The accounting program has been designed to prepare students for Certified Public Accountant professional licensure exams in North Dakota. North Dakota law requires that individuals who sit for the CPA professional exam complete 150 semester credits of college education. Completion of this program does not award students the CPA designation. On-campus and online/distance students living in or moving to any state other than North Dakota should be aware of the unique CPA licensure requirements for the location in which they intend to live and work.

ESSENTIAL STUDIES: 36 semester credits required, including those listed as program prerequisites here.

***Note on Transferred Courses:** North Dakota State College of Science courses that satisfy expectations of course content for the specific MaSU 300-level courses indicated will transfer for those MaSU courses as non-upper division credits towards the total of 120 semester credits required for graduation. The 200-level transfer courses cannot count as true 300-level courses towards the 30-semester credit upper division courses requirement for a bachelor's degree.

All credit-bearing coursework completed in an Associate of Applied Science program, an Associate of Arts program, or an Associate of Science program from North Dakota State College of Science applies to the 120 credits required for graduation with a bachelor's degree from Mayville State University.
