COMMENCEMENT OVERVIEW

Commencement is a formal ceremony American institutions of higher education conduct to award students the appropriate degree earned at the conclusion of a prescribed period of study. It is a practice dating back to the 11th Century when universities were being formed.

ACADEMIC PROCESSIONAL

The academic procession that begins the commencement ceremonies on college campuses is one of the oldest academic customs that links 21st century education with its early origins. At NDSCS the Stage Marshal leads the procession, followed by the College President and the Officers of the Institution; the faculty and the staff then follow – processing in to the arena based on years of service to the College.

COLLEGE MACE

The historical symbol of the mace was as a sign of authority used by knights or royal bodyguards to protect the king in processions. Today it has evolved into a ceremonial symbol, carried by the Stage Marshal, the NDSCS faculty senate president. The NDSCS mace is representative of Old Main, the original building of the NDSCS campus. The mace is traditionally placed to the right of the speaker. The Stage Marshal officially opens and closes the commencement exercises.

ACADEMIC REGALIA

The academic regalia worn at commencement is of medieval origin. The gown is usually black, but some institutions have adopted a school color for their gowns. The gowns of bachelor and master's degrees are usually without trimming; those of doctorate degrees are faced down the front with velvet and with three velvet bars on the sleeves. The hood, worn over the back of the gown, is faced with colors which signify the field of study represented by the wearer's degree; the colors of the lining are those of the college or university which granted the degree. The length of the hood is correspondingly longer with each higher degree. See page 19 for information on NDSCS specific regalia related to academic honors and involvement.

MILITARY

The red, white and blue honor cords identify student, faculty and staff Veterans and Service members among the NDSCS family.

SCIENCE OF LEADERSHIP

The red ribbon and medallion signify the students that successfully completed the Science of Leadership program. Science of Leadership participants serve as an officer or on executive teams in NDSCS recognized clubs and organizations or hold select student leadership positions requiring a year-long commitment. Selection to participate is conducted through a rigorous application and interview process. Students complete a structured leadership curriculum to gain the skills necessary to become life-long leaders and is made possible through a generous gift from the Larson Family Foundation. Second year Science of Leadership students wear a leadership pin.
